# Infra and Browser Requirements

- A Webcam connected with the System (Not required in case of Laptop with a functional in-built webcam)
- Smooth and uninterrupted Internet connectivity (2mbps and above (throughout the testing session))

## OS compatibility:

- The test is compatible with all the Windows/ Mac devices.

***Make sure you disable all the popups/ notifications etc before initiating the test otherwise you will not be able to access the platform.***

# Infra and Browser Requirements

- ✓ Supported Devices – Desktop, Laptop
- ✓ Operating System – Window 8 or above/ all the Mac devices
- ✓ Adobe Flash player
- ✓ Java Script must be enabled
- ✓ Disable Antivirus
- ✓ Minimum Internet Bandwidth required– 2 Mbps
- ✓ Ensure Time in the system is set as IST
- ✓ Webcam and Microphone is mandatory

## How to:

[? Install Lockdown Browser](#)

[? Give access to Webcam and Microphone](#)

[? Clear Cache from the system](#)

To check the working functionality of your Webcam and Microphone, use the following links –

<https://webcamtests.com/> (To test your webcam)

<https://www.onlinemictest.com/> (To test your microphone)

<https://www.speedtest.net/> (To Test Speed)

# Installing Lockdown Browser

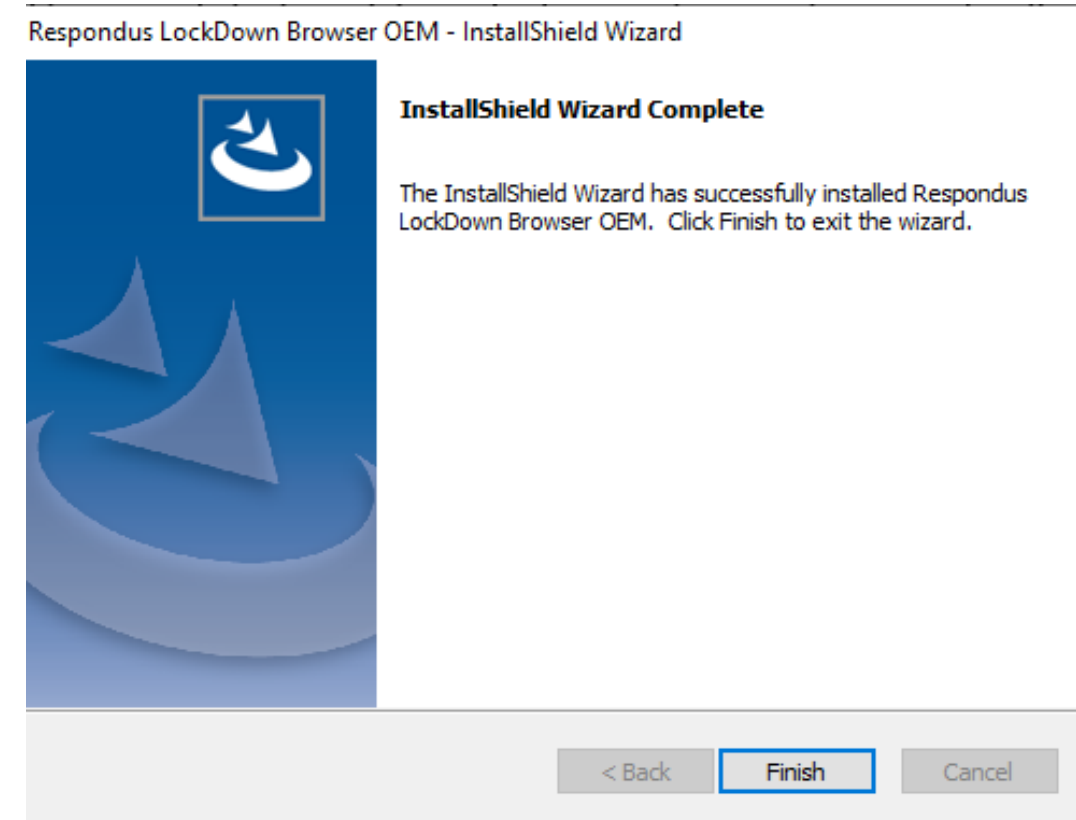

To download the lockdown browser, click on the below mentioned URLs:

Mac device: <https://amcatglobal.aspiringminds.com/assets/respondus/InstallLDBOEM-SDK.zip>

Windows device: <https://amcatglobal.aspiringminds.com/assets/respondus/LockDownBrowserOEMSetup.exe>

- ✓ Click on the URL.
- ✓ Download the .exe/.zip file
- ✓ Install the application 'Lockdown Browser'.
- ✓ Install the application in your system/ laptop.

Please make sure you are following the steps and installing the application at least 3 days prior to the assessment date.

# Giving Access to Webcam and Microphone

- ✓ Open Chrome on your computer
- ✓ At the top right, Click More
- ✓ Click 'Setting' → Click 'Privacy and Security' → Click 'Site Setting'
- ✓ Allow Access to Webcam and Microphone

The screenshot illustrates the steps to enable webcam and microphone access in Chrome. The browser window shows the 'chrome://settings' page. The 'More' menu (three dots) is open, and the 'Settings' option is selected. In the 'Privacy and security' section, 'Site Settings' is highlighted. The 'Camera' and 'Microphone' status is shown as 'Blocked'. The 'Ask before accessing (recommended)' toggle is turned on.

1. Click the 'More' menu (three dots) in the top right corner.

2. Click 'Settings' in the dropdown menu.

3. Click 'Privacy and security' in the left sidebar.

4. Click 'Site Settings' in the 'Privacy and security' section.

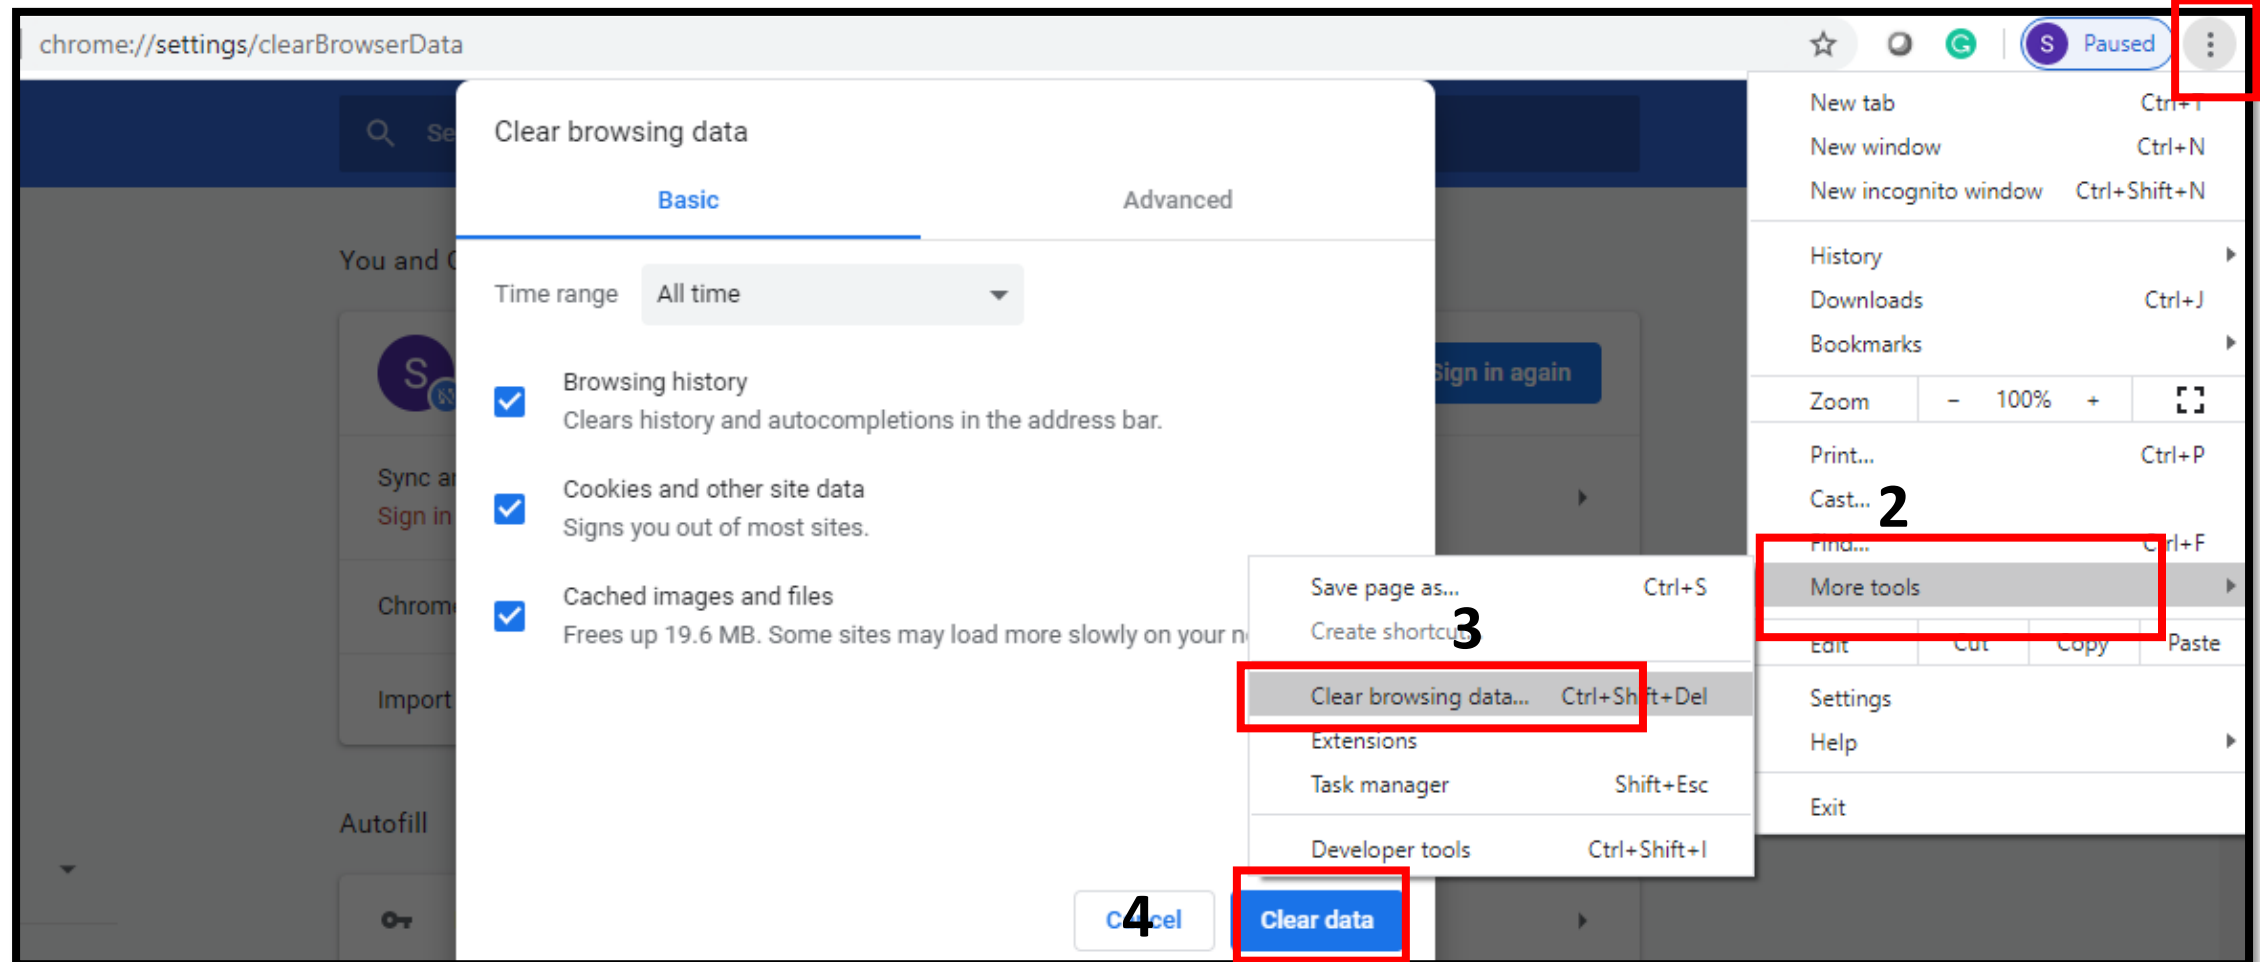

5. Click the 'Camera' and 'Microphone' status (Blocked) to open the permission settings.

6. Turn on the 'Ask before accessing (recommended)' toggle.

# Clear Cache from your System

- ✓ On your computer, open Chrome
- ✓ At the top right, Click More
- ✓ Click More tools → Clear Browsing Data → Clear Data

# Getting Ready for the Assessment

Place yourself in a separate room to avoid disturbance

Try to avoid bright lights in the background, e.g. Windows

Adjust your microphone

Adjust the camera at the eye-level

Close all other windows, browsers & social media apps

# Assessment Ethics

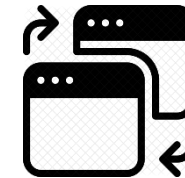

System detects “Your Face”  
Ensure You don’t move out.

System detects “Multiple Faces”  
Ensure there is no Intrusion of  
any other person

System does “Video Proctoring”  
Ensure You don’t Indulge into  
Cheating

System detects “Window Switches”  
Ensure all Windows, browsers,  
social media apps are closed.

System detects “Other Object like  
Mobile Phone”. Ensure that you  
don’t use any other Object.

System detects “Multiple Logins”  
Ensure that You login from one  
System only.

# Test Instructions

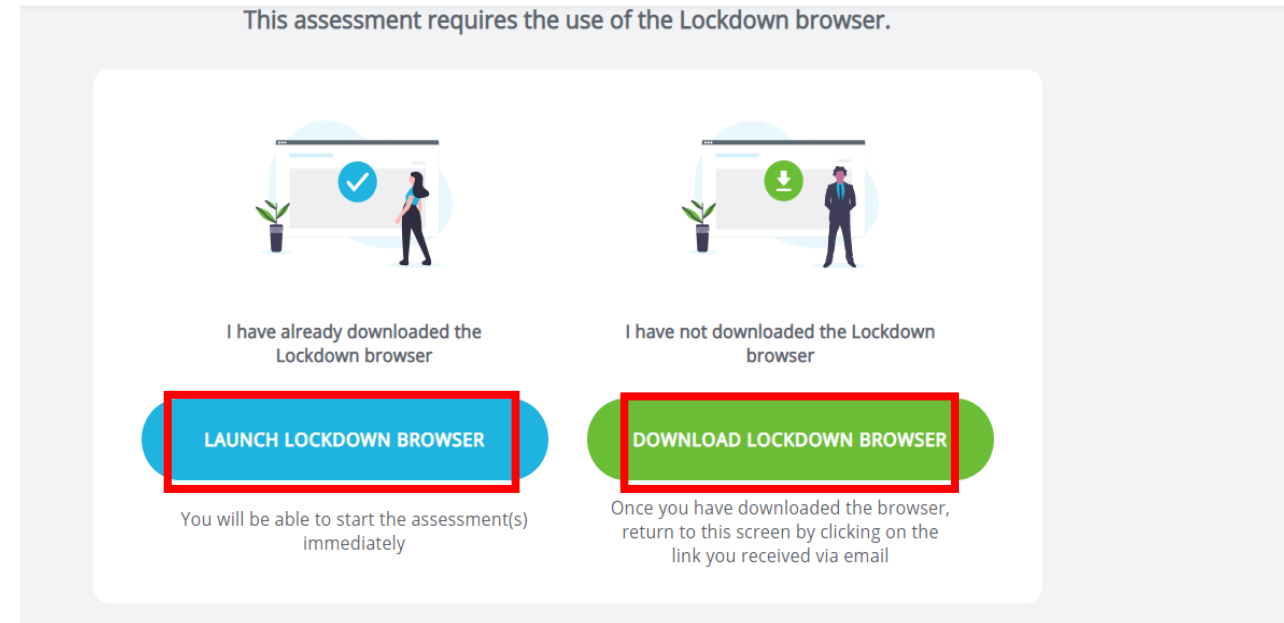

## Basic Flow for a seamless AMCAT Test experience :

- Click on the autologin URL provided in the mail.
- Click on Launch Application.
- You will be redirected to the test page. Fill in all the details in the registration page to continue. Please note: the test will not start if correct information is not entered in the registration page.
- Since this is Video enabled / Web Proctored Test, thus request you to be in decent and appropriate dress and adequate light.
- Please complete the test in one go.
- This is a timed test; it is essential to keep track of time while answering the questions.
- Answer all the questions and complete all the sections of the test.
- You can attempt the test only once using this URL.

# Test Login Page (1/2)

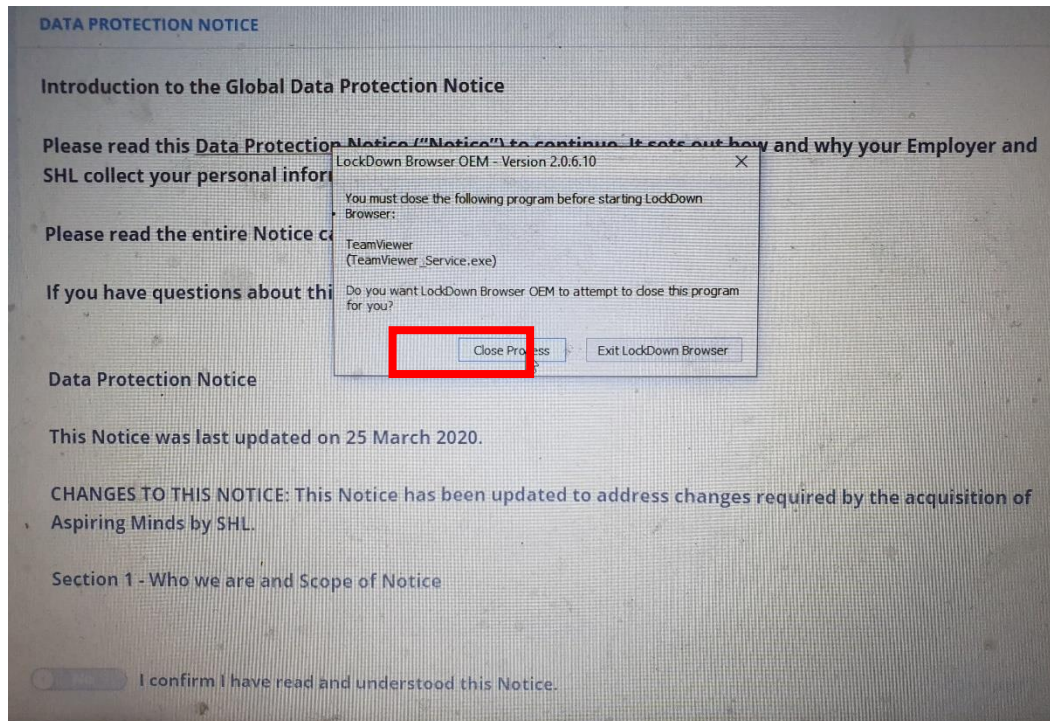

- Click on the autologin URL.
- You will be redirected to the test page.
- Click on 'Launch lockdown browser' if the browser is pre installed in the system.
- Click on 'download lockdown browser' and install the application if the application is not installed previously.
- Please note: the autologin will remain active only for the date and time validity as mentioned in the mail.
- You will be asked to kill all the other active applications in your system.
- DO NOT use the HDMI port in the laptop/ system. The test will be automatically logged out on doing so.
- DO NOT attempt to share your screen using any external application. Your test will be invalidated in doing so.

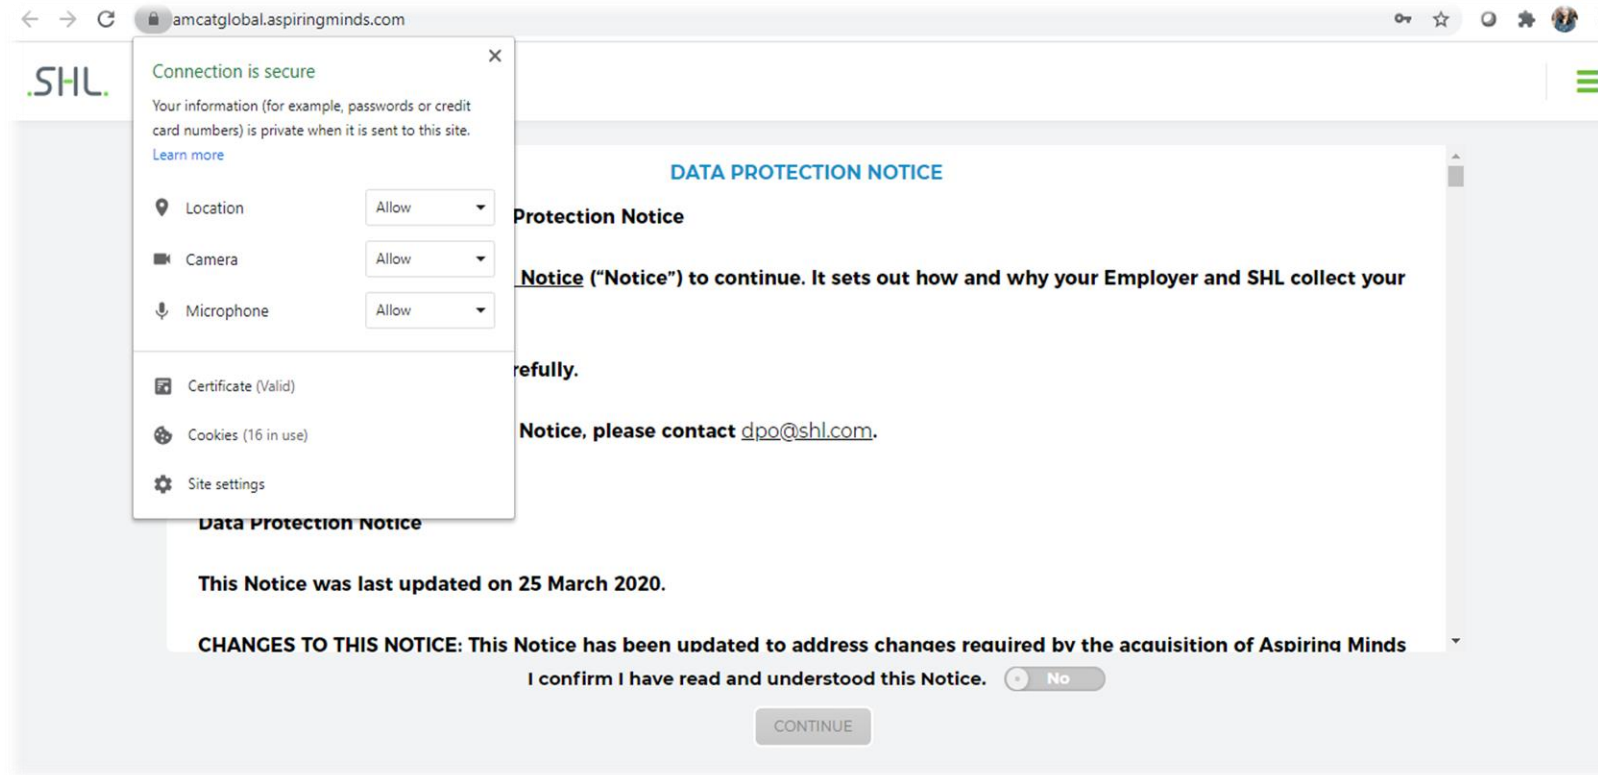

## Test Login Page (2/2)

- You will be asked to kill all the other active applications in your system.
- DO NOT** attempt to use the HDMI port in the laptop/ system. The test will be automatically closed.
- DO NOT** attempt to share your screen using any external application. Your test will be invalidated in doing so.

# Enable Required Settings

Post entering the requisite details the candidate is directed to the “Data Protection Notice page”. In order to start the test, the candidate needs to enable the webcam as well as location when pop-up appears or candidate can also enable it from their browser settings.

# Start Assessment Now(1/3) : ID Card Capture

Once the candidate clicks on “Submit”, they will be logged in and will have to hold up their ID card both side of their face for the system to capture the image for verification.

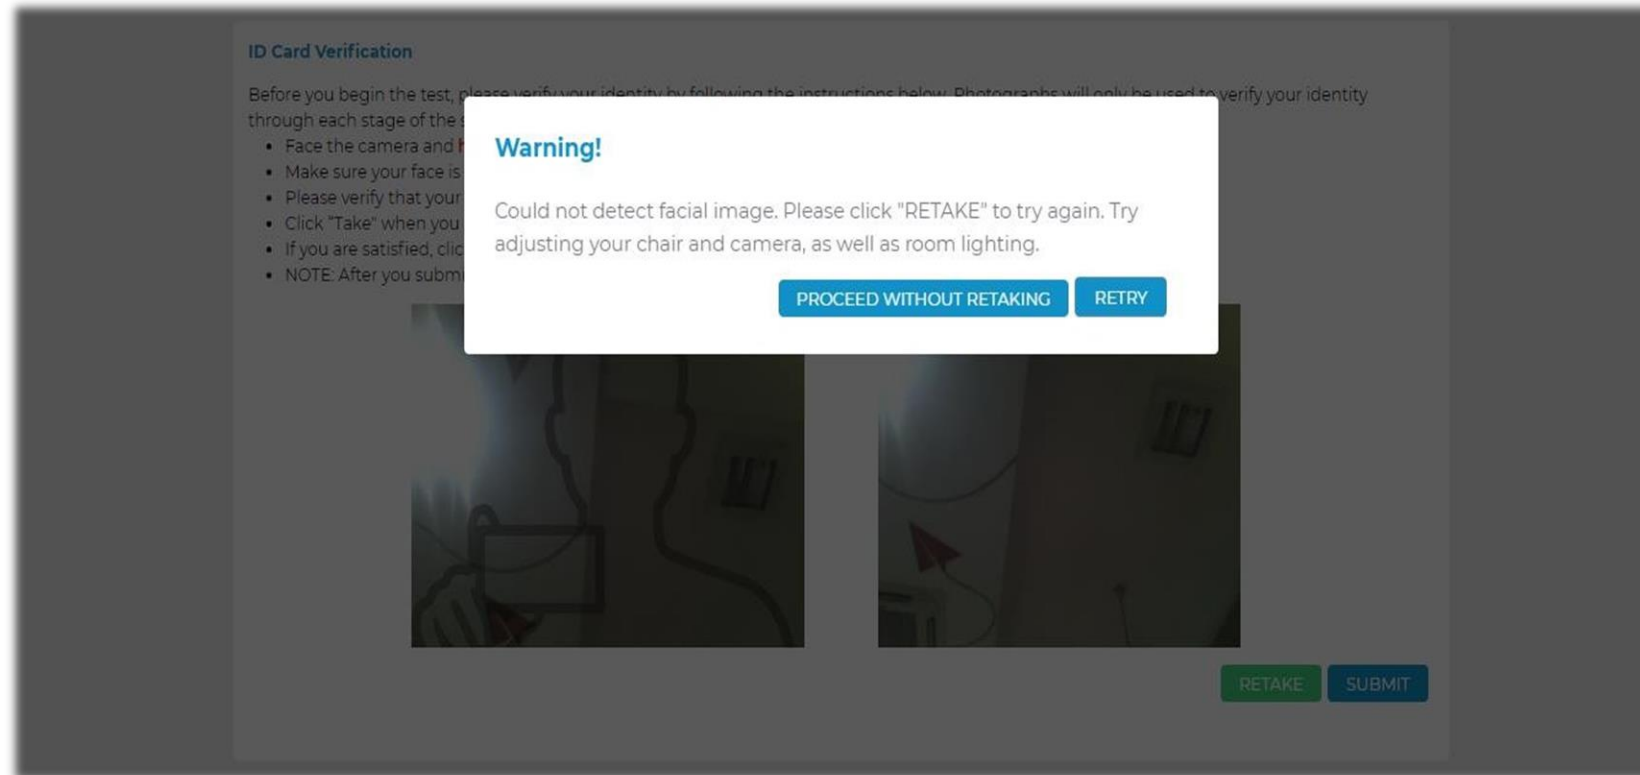

Check for the camera position and proper lightning before you start the test. Also, make sure that you have a valid government ID proof with a clear picture of yourself before proceeding.

The screenshot shows a web interface for "SHL Identity Verification". At the top left is the "SHL" logo, and at the top right is a green menu icon. The main content area has a title "Identity Verification" in blue. Below it is a paragraph: "Before you begin the test, please verify your identity by following the instructions below. Photographs will only be used to verify your identity through each stage of the selection process, and will not be shared with anyone outside the selection process." This is followed by a bulleted list of instructions: "Face the camera and hold your ID card below your face", "Make sure your face is clearly visible. Remove hats, hoods, or sunglasses.", "Please verify that your ID card is captured clearly in the frame", "Click 'Take' when you are ready", and "If you are satisfied, click 'Submit.' If either your face or ID is obscured, click 'Retake.'". A "NOTE" states: "After you submit the photo, you will not be able to change it." Below the text are two side-by-side photographs of a woman. In the left photo, her face is framed by a blue square. In the right photo, her face and the ID card she is holding are both framed by a blue square. At the bottom right of the photo area are two buttons: a green "RETAKE" button and a blue "SUBMIT" button.

# Start Assessment Now(2/3): ID Card Capture

The following message will pop up if the system detects any issue in the clicked photograph.

# Start Assessment Now(3/3): Registration Form

Please fill in the registration form in order to proceed. Make sure that all the details in the registration form matches the details in the boarding pass otherwise you will not be allowed to proceed.

*All the details in the registration page is mandatory.*

Mandate

# Terms & Conditions

Post submission of the details, please read and accept the terms and conditions and proceed.

A screenshot of a web application interface for SHL. At the top left is the SHL logo. A modal window titled "TERMS & CONDITIONS" is centered on the screen. The modal contains a paragraph of text and a bulleted list of terms. At the bottom of the modal, there is a toggle switch labeled "I agree to Terms and Conditions" which is currently set to "Yes". Below the toggle are two buttons: "CANCEL" (red) and "CONTINUE" (green). A callout box with a black border and rounded corners points to the "CONTINUE" button. The callout box contains the text "Accept to the terms & conditions and click on continue".

**TERMS & CONDITIONS**

The content of this test is confidential. Aspiring Minds owns the intellectual property rights as defined by law. To ensure confidentiality, you must agree to the following terms and conditions before taking the test:

- You will not record, copy, publish, or share any part of the test questions or answers in any form (verbal, written) or by any means (manual, electronic) for any purpose.
- You acknowledge that the test will be taken solely by you, and that you will not consult any third person or use any other online or offline resource.
- You will receive warnings if prohibited behavior is detected. Multiple instances of prohibited behavior will result in automatic shut-down of the test and rejection of your application.
- Behaviors will be tracked during this assessment (e.g., browser usage, screen capturing, photographs, audio, video etc.) to ensure a fair process for all candidates.
- In the case of Aspiring Minds' Video Interview Tool "Autoview", Artificial Intelligence may be used to analyze and evaluate the candidate's interview video response.

I agree to Terms and Conditions **Yes**

**CANCEL** **CONTINUE**

Accept to the terms & conditions and click on continue

# Module details

Make sure you note your AMCAT ID (15 digits ID generated by the system) and go through the module details and instructions before proceeding. This is a unidirectional test and you will not be allowed to change/ review your answer once submitted.

The screenshot shows the 'Modules' section of the AMCAT interface. It lists three modules: English Comprehension (PWD), Logical Ability, and Quantitative Ability. Each module includes a description, the number of questions, the time limit, and a status (Upcoming or Later). A 'NEXT >' button is at the bottom right. Annotations include a box for the '15 digits AMCAT ID' pointing to the Test ID, a box for 'Module details' pointing to the module list, and a box pointing to the 'NEXT >' button with the instruction 'Click the start button to begin the test.'

**15 digits AMCAT ID**

**Module details**

**Test ID: 12796347266017**

Copy Test ID for future reference.

**Modules**

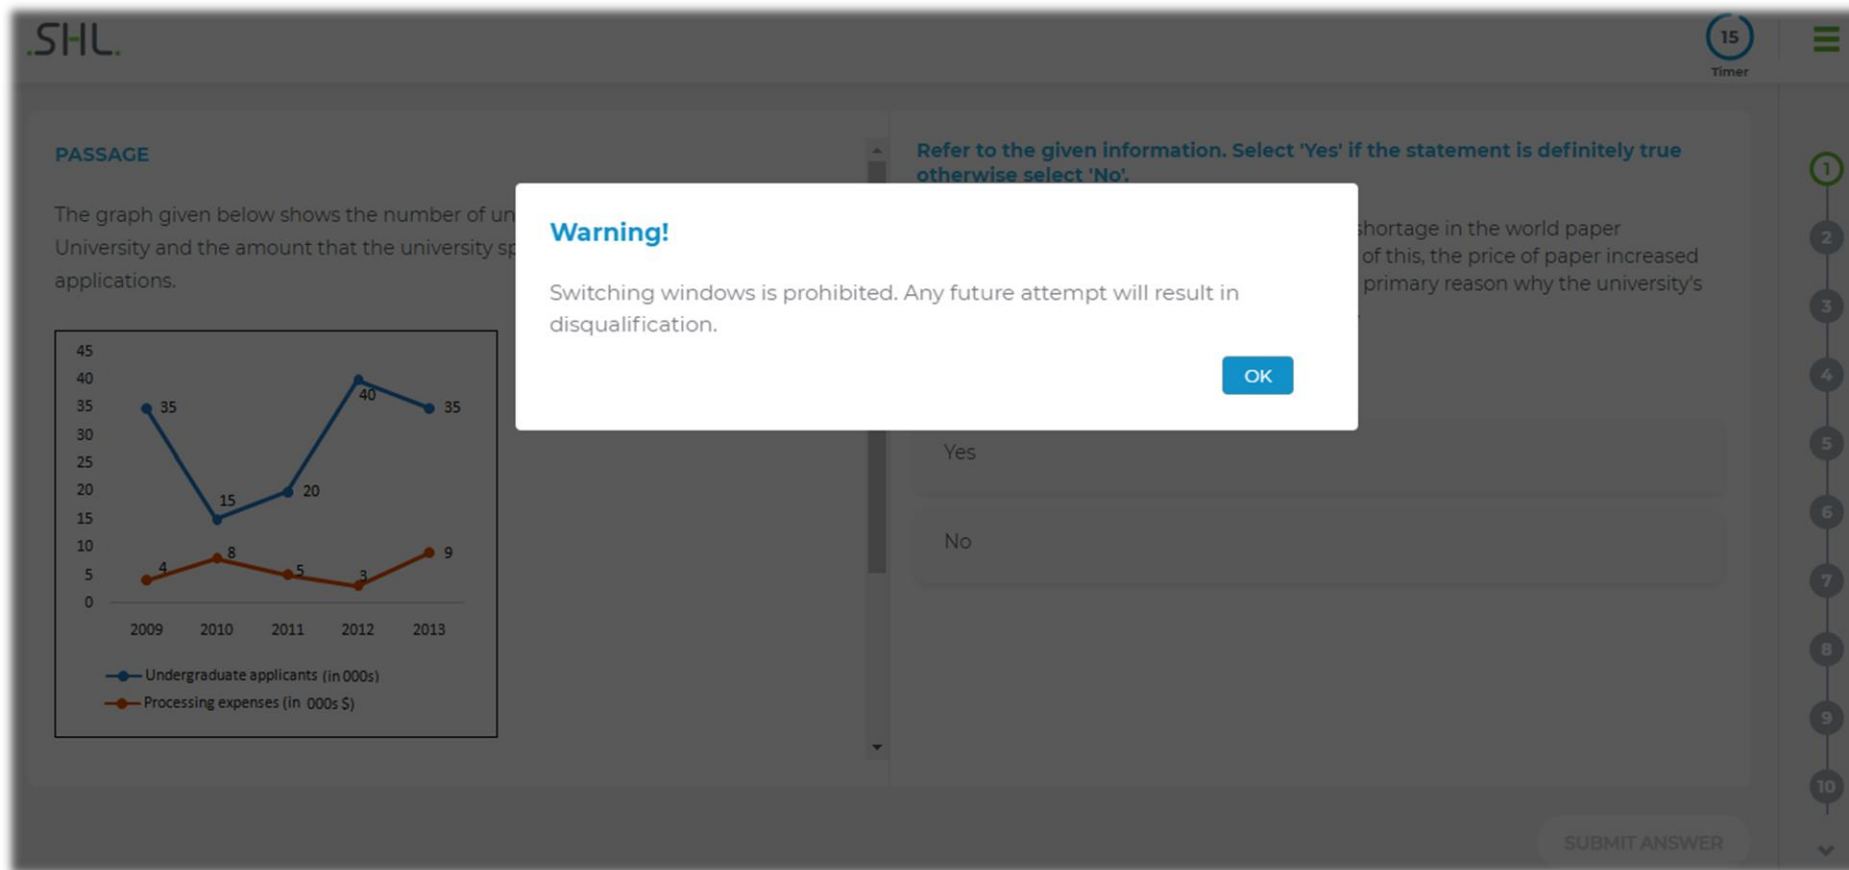

Module	Description	Questions	Time	Status
English Comprehension (PWD)	Multiple-choice test that measures vocabulary, grammar and reading comprehension skills.	12 Questions	14 Minutes	Upcoming
Logical Ability		9 Questions	10 Minutes	Later
Quantitative Ability		10 Questions	10 Minutes	Later

**NEXT >**

Click the start button to begin the test.

# Proctoring Features (1/3)

Candidates are advised not to toggle in between the windows/ tabs/ browser etc while taking the test. This may result in test invalidation. Also, candidates should DISABLE all the pop ups/ notifications before initiating the test as this could also lead to test invalidation. Please note that under any circumstances, the test will not be resumed once invalidated.

The screenshot shows a test interface with a warning message overlay. The background interface includes a timer at 15 minutes, a question about a passage, and a line graph. The warning message states: "Warning! Switching windows is prohibited. Any future attempt will result in disqualification." with an "OK" button.

**PASSAGE**

The graph given below shows the number of undergraduate applicants and the amount that the university spent on processing applications.

Refer to the given information. Select 'Yes' if the statement is definitely true otherwise select 'No'.

Warning!

Switching windows is prohibited. Any future attempt will result in disqualification.

# Proctoring Features (3/3)

Candidates are advised to complete the entire test in a single go. However, in case of network glitches/power cuts etc, the candidate can resume the test using the same credentials within the next 2 hours of logging out.

**Please note that closing and resuming the test multiple times will lead to test invalidation.**

# Dos and Don'ts

## DOs

- ✓ Make sure your webcam is positioned at your Eye level and the lighting is adequate.
- ✓ Ensure you have a good internet connectivity (2 MBPS and above).
- ✓ Make sure all the details in the registration page is filled correctly.
- ✓ Attempt all the questions in all the modules.
- ✓ Kill all the other active applications in your system.

## DON'Ts

- ✓ Do NOT capture the screenshot of the test platform.
- ✓ Do NOT toggle the browser/ tab/ screen while taking the test.
- ✓ Make sure no one else is in the room while you are taking the test.
- ✓ DO NOT attempt to close the browser.
- ✓ DO NOT use the HDMI port in the laptop/ system.
- ✓ DO NOT attempt to share your screen using any external application. Your test will be invalidated in doing so.

# Guidelines – Before the Assessment

- ✓ Candidates can write their examinations by using their Laptop / Desktop at a specified time. Webcam connectivity is a must during the examination.
- ✓ Check 'System Specification' document and install/Setup Browser.
- ✓ Candidates are required to ensure that both Webcam and Microphone are working properly
- ✓ If you have a laptop but suspect that uninterrupted internet connectivity is questionable in your area, it is recommended that you use your phone's hotspot to provide either a primary or a backup connection to your laptop.
- ✓ Candidates are advised to use the same Desktop/Laptop which is used to initiate the Test.

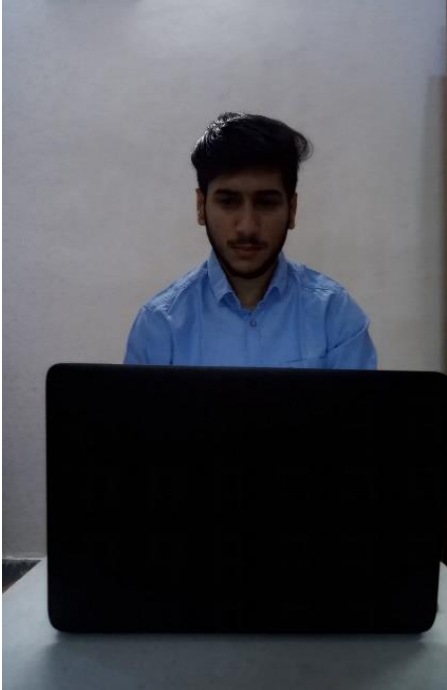

# Guidelines – On the day of the Assessment

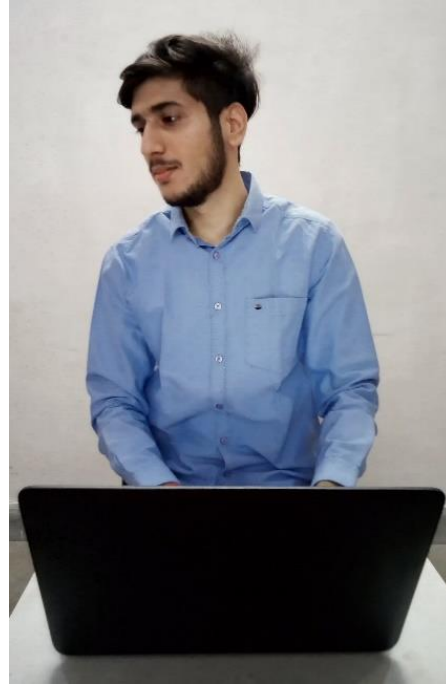

- ✓ Please sit in a quiet room with no background noise or people around.
- ✓ Ensure proper lighting in the room – Source of light must not be behind you.
- ✓ Please ensure the wall behind you has a plain background with no objects hanging on it.
- ✓ Plan to start your system on the test day 15 minutes before the scheduled time. Start Assessment on time, you will not be allowed to appear after the scheduled time
- ✓ For the entire duration of the assessment, please remain seated in front of your webcam
- ✓ If you face any technical issue during the assessment, please refer to the FAQ Document. If not resolved, then contact your placement coordinator via email/call/message from another device
- ✓ candidate should not indulge in any malpractice while writing the exam. Any misconduct observed by the proctor will be recorded and filed against you, which may lead to suitable disciplinary action.
- ✓ Taking assessment through Mobile Phone/TAB is not allowed. Candidate should use Laptop/Desktop to attempt the assessment.

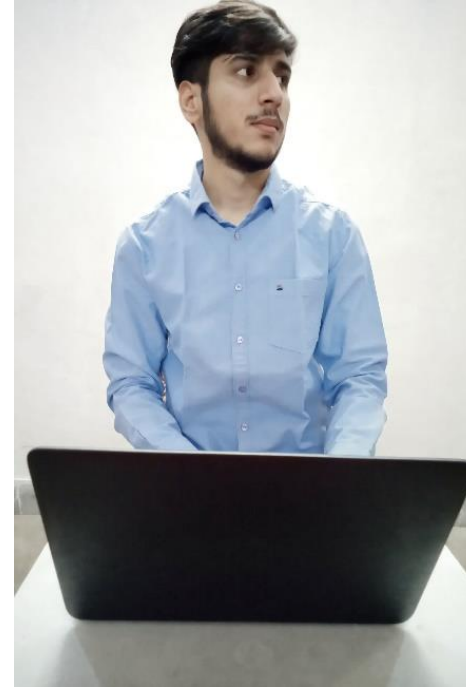

# Guidelines – On the day of the Assessment

Do not sit in poor lighting

Do not look sideways during the assessment

Do not leave your seat during the assessment

# Frequently Asked Questions (1/3)

**Question: Candidate is unable to login.**

**Error Displayed: Your test is not activated yet.**

Answer: Please check the test validity and start within the test validity only

**Question: Candidate is unable to login or resume the test.**

**Error Displayed: You have either completed or submitted your test**

Answer: Candidate test has been expired due to exceeding the resuming time limit, as candidate is allowed to resume the test within 2 hours. Candidate has already submitted or exited the test.

**Question/Error: Registration page not moving forward.**

Answer: Check the Internet connection, if the same is smooth please request the candidate to check whether they have filled in all the mandatory fields that are required. If still it is not moving forward, check the browser they are using, as it works on Mozilla and Chrome only, if they are using Mozilla/Chrome (Latest Version) and still the problem persists tell them to close the window & try again. Also, clear cache and cookies of the browser and try again.

# Frequently Asked Questions (2/3)

**Question: Queries regarding resuming the test getting locked and not able to resume.**

**Error Displayed: Your test has been invalidated due to multiple off-focus, you will not be able to resume the test.**

Answer: If the test got logged out due to auto-proc feature due to below mentioned reason, test will be

invalidated and candidate will not be able to resume the test.

- Either the candidate minimized the test window.
- Or there was an attempt to open any other browser/window/software.
- Or there was any kind of pop-up window. Then the test is automatically logged out & get locked.
- Or candidate was trying to print test screen during the test.

**Question: What happens if there are any technical/Internet issues while the test is on?**

Answer: If somehow the test is stopped in between, (due to power failure/internet disconnection) wait for five minutes. The candidate needs to login using the same details and resume the test.

Please ensure the test is resumed within 4 hours of your test being stopped. If not, the test will get auto-submitted and candidate will not be able to resume the test post that, a new test can only be assigned with the prior approval From Wipro team.

# Frequently Asked Questions (3/3)

**Question: Can we use calculators/pen & paper?**

Answer: Candidates are not allowed to use calculators or any other calculating device however they can use pen & paper for calculating manually.

**Question: Modules not moving forward. Candidate claiming that they have selected the answer already but not able to submit answer or question/options are missing.**

Answer : Check the Internet connection, if the same is smooth please request the candidate to check the browser they are using, as it works on updated/supported versions of Mozilla and Chrome only, if they are using Mozilla/Chrome (Latest Version) and still the problem persists tell them to close the window & try again. Also clear cache and cookies of the browser and try again.

**Question: Queries regarding resuming the test (that got logged out due to Auto-Proc Feature)**

**Error Displayed: Webcam is not detected / Location is not enabled**

Answer: If the test got logged out due to auto proctoring feature, i.e. Please check the settings of browsers and enable the camera and location settings.

**Question: Can we allow a candidate to restart the test if he is not able to perform well in the first few minutes?**

Answer: Under no circumstances the candidates shall be allowed to restart the test. It can be considered, only if there is a technical error from our system post HR approval.

# Frequently Asked Questions (4/7)

**Question: I am having difficulty setting up my webcam.**

Answer: Specific programs may require a working webcam to attempt the test. The test invitation you received, would clearly spell out if the webcam is required. In such cases, to check if your webcam is functioning properly please visit <https://amcatglobal.aspiringminds.com/?go=cameraTesting>

Some important things to take care of:

1. When you start the test for the first time you will be asked to allow the assessment application to access your web camera. Please don't worry, this is completely harmless. You will also be asked to choose the model of your web camera from a dropdown menu. Please select the model and click on Allow button.

A screenshot of a web browser window showing a registration form for Aspiring Minds. A modal dialog box is open in the foreground, titled "Use your camera", with "Allow" and "Block" buttons. The background form is titled "Personal Information" and contains input fields for "Name", "Email Id", and "Mobile Number". At the bottom of the form, there is a checkbox for "I agree to Terms and Conditions" and two buttons: "CANCEL" and "CONTINUE".

# Frequently Asked Questions (5/7)

**Question: My web browser or my test has shut down. How do I get back to my test?**

Answer: Wait for two minutes then login again using the same URL.

**Question: I'm unable to login and the id is showing as inactive or invalid.**

Answer: Please contact your recruiter for assistance.

**Question: I'm unable to start the test.**

Answer: In order to go through a seamless test experience, you would require:

- 1) Laptop/Desktop computer and
- 2) Stable Internet connectivity

Also, please ensure that you are using a compatible browser version. To check if you are working on a compatible browser please visit <https://www.myamcat.com/getBrowserDetails>

# Frequently Asked Questions (6/7)

To avoid any disruption, please check your battery is sufficiently charged or a power source is easily accessible.

Specific programs may additionally require a working webcam to attempt the test. The test invitation you received, would clearly spell out if the webcam is required. In such cases, to check if your webcam is functioning properly please visit <https://amcatglobal.aspiringminds.com/?go=cameraTesting>

If your computer meets these requirements and you are still unable to start the test, please click on the Live Chat button to speak to someone from our support team directly and they'll be happy to help.

**Question: I have completed my test, what is the next stage of my interview process?**

Answer: Your recruiter will get in touch with you directly with information about further steps. Please feel free to reach out to your recruiter if you have any further questions.

# Frequently Asked Questions (7/7)

**Question: I think there is some mistake in the question.**

Answer: All questions in the test have been examined and verified by subject matter experts. The possibility of encountering an erroneous question is extremely low. Please re-read the question. In case you still feel that the question has some mistake(s) then please drop us an email at [techsupport@aspiringminds.com](mailto:techsupport@aspiringminds.com) with details about the error. Please DO NOT quit the test and move on to the next question.

**Question: I'm unable to go back to the previous questions.**

Answer: Being an adaptive test, in most test modules, once you go to the next question, you cannot review or change the answer of the previous question, except in some specific test modules, where you'll be shown navigation instructions.

**Thank You**
